

# Jungle Jim's International Market

1

## Getting Ready:

I will wear comfortable clothes and shoes.

I might bring a list if we are shopping for something specific.

I can bring noise canceling headphones if I don't like loud sounds.

2

## Arriving at Jungle Jim's:

We will drive to Jungle Jim's International Market.

The store is big, and there may be lots of people.

We will enter through the entrance and get a shopping cart if we need it.

3

## Exploring the Store:

Jungle Jim's has food and items from all over the world.

There are different sections, each with unique food and decorations.

Some areas have fun displays, like singing animatronics or jungle animals.

4

## Sensory Tips:

The store can be busy with people talking and carts moving.

If it gets too loud, I can wear my headphones or take a break in a quiet area.

The store has different smells from foods, so I can cover my nose if needed.

5

## Checking Out:

When we are done shopping, we will go to the checkout lanes.

We will wait in line and put our items on the counter.

The cashier will scan our items, and we will pay before leaving.

6

## Leaving the Store:

When we finish shopping, we will go back to the car.

I can help put the bags in the car.

I can talk about my favorite things I saw at the store.
